

CERTIFICATE

OF PARTICIPATION

This certificate is presented to

Sakthivel M

For successfully participating in the **2-Day** online workshop titled '**Homology Modeling, Active Site Prediction, and Multi-Ligand Docking: From Theory to Application**' conducted by Discovery Boulevard from **June 23-24, 2025**. The workshop provided in-depth training in molecular docking workflows, covering the preparation, execution, and analysis of receptor-ligand interactions. It also included practical approaches for building 3D protein structures through homology modeling, followed by Active Site Prediction and Multi-Ligand Docking.
